### DAMAGE AND LOSS OF PUBLIC LIBRARY BOOKS

Injuries to books beyond reasonable wear, and all losses, must be made good by the borrower. If one volume of a set is lost or damaged, the borrower will be held responsible for the set, unless the Library can satisfactorily replace the lost volume.

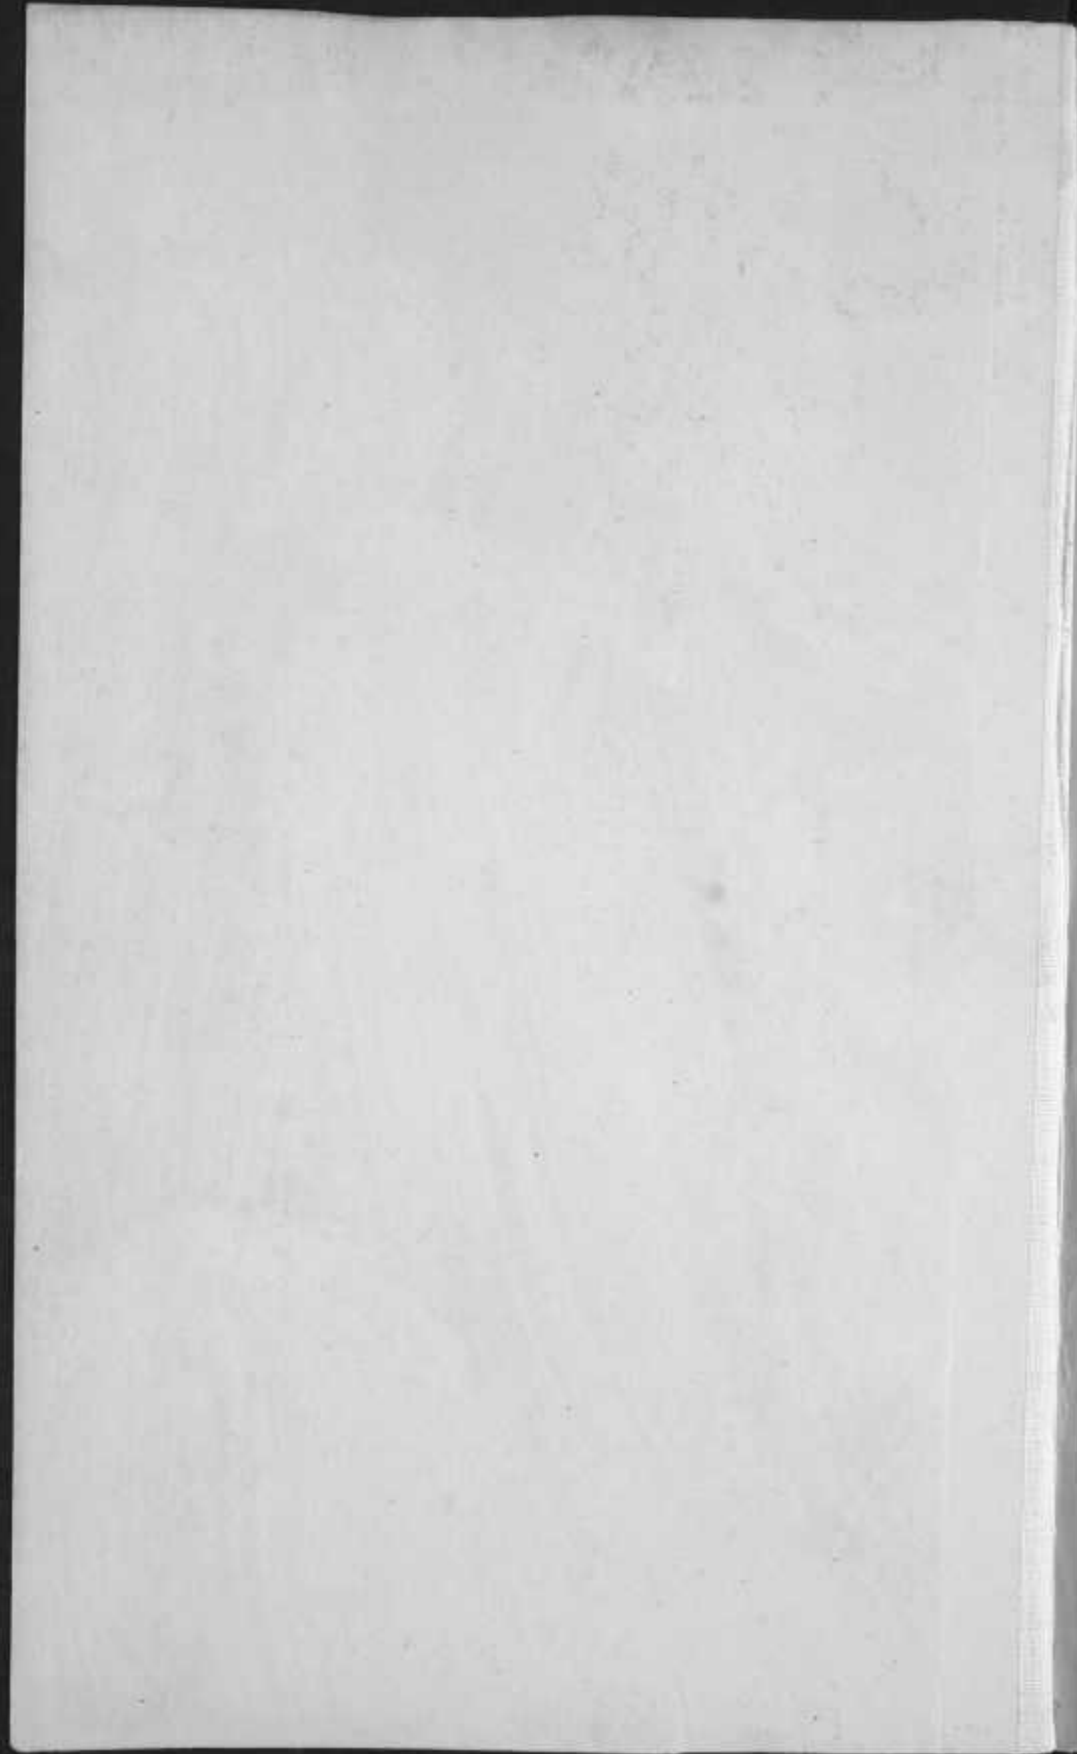

Any person willfully injuring (cutting or marking) books or other property of the Library becomes liable under state law to imprisonment for a year, or a fine of five hundred dollars, or both.

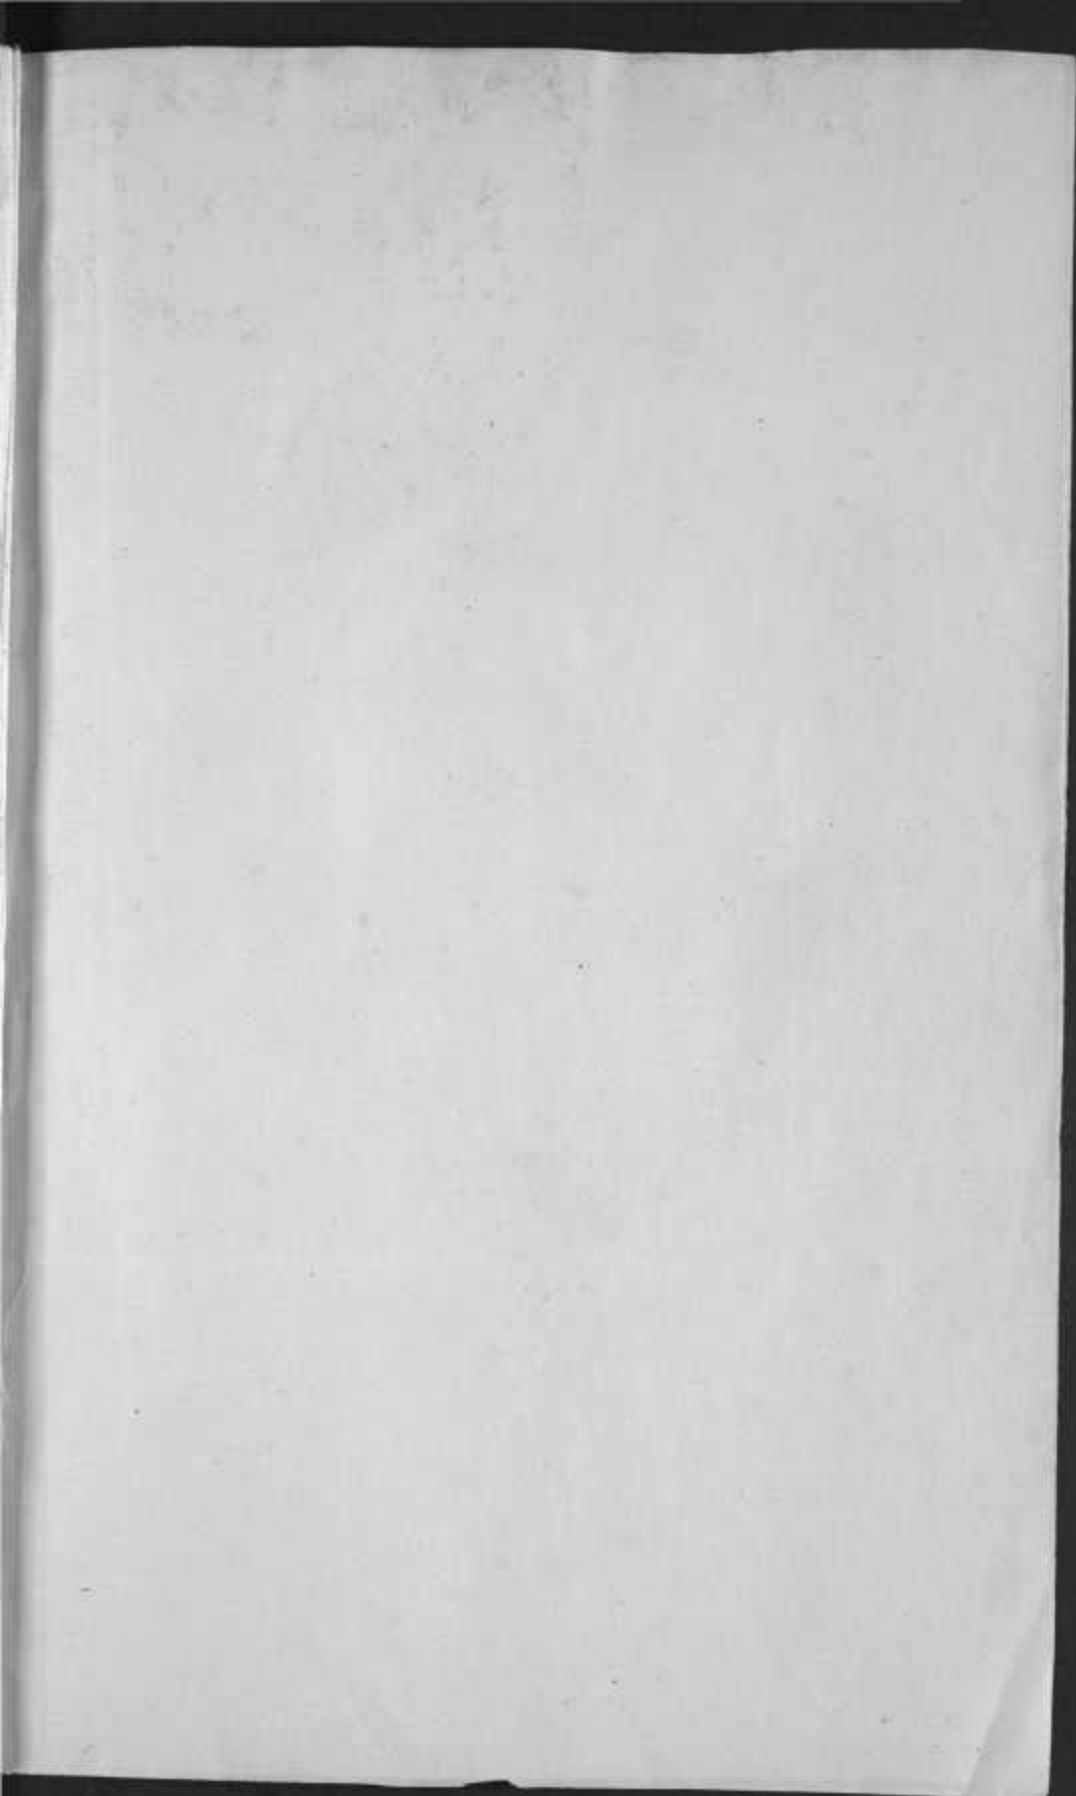

No book with Library marks upon it is ever sold by the Library. If any book so marked is offered for sale and sold, both the seller and buyer are liable.

No person will be allowed to draw books until all fines and claims for damages are paid.

## ANNOUNCEMENT FOR 1877.

---

THE Publishers believe that the volume of the BUFFALO CITY DIRECTORY for the current year embodies the results of the most careful canvass yet made for directory purposes. It was anticipated that the number of names would show a falling off rather than increase of population; but the volume contains 48,298 names, or 377 more than the Directory of last year. This shows that the city, in spite of the depression of business, has at least held its own in the year past, and has probably stood the pressure of the hard times better than any other important city in the Union.

The style of typography, general form and arrangement of the Directory of last year are retained in this volume, with some minor improvements of system which, it is hoped, will enhance its convenience.

The summary of information in relation to the municipal government, and the Public, Religious, Educational and Charitable Institutions of the City, will be found more than usually complete.

The Business Directory is also fuller and more thoroughly classified than heretofore. In short, the greatest care has been taken to make the work—what we believe it to be—the most complete and accurate Directory ever published in Buffalo.

## STREET AND AVENUE DIRECTORY.

### EXPLANATION.

It will be noticed that in this Street Directory the names of the streets are set down in alphabetical order, giving the course which they run, according, as near as possible, to the points of the compass, and enumerating all streets which cross the same in the order in which they occur. The number on one corner has been given, so that a person wishing to find, say, 499 MAIN STREET, on consulting the Street Directory, finds that the right-hand corner of Main and Mohawk is No. 487, consequently the place he seeks is only a few doors above.

## REGISTERED LETTER DEPARTMENT.

Office open from 8 A. M. to 5 P. M. Closed on Sundays and Holidays.

Letters and other valuable packages may be registered to any Post Office in the United States on the payment of letter rates of postage and a fee of ten cents.

## STAMPED ENVELOPES.

Daily, many letters are dropped in the Post Office unpaid, with revenue stamps and stamps cut from stamped envelopes affixed, which are held for postage; whereas, by the use of stamped envelopes, these letters would go forward without delay.

Persons purchasing envelopes can have printed on the left-hand corner, without additional charge, their names and post-office address, and a request to return if unclaimed within a given time, when ordered in quantities of 500 and upwards of any specific denomination. The postage on stamped envelopes, spoiled in directing, will be refunded in stamps, on application at stamp office, provided they have never been sent by mail, and that the misdirection actually occurred at the place where the redemption is claimed.

#### POSTAGE TO CANADA.

The postage to Canada is the same as the postage to places in the United States, on all classes of mail matter excepting patterns and samples of merchandise, which are charged 10 cents each; weight not to exceed eight ounces. Ordinary merchandise transmissible in domestic mails up to the maximum weight of four pounds, if sent to Canada, is subject to seizure in that country for the collection of any customs duties chargeable thereon. Postage to Canada must be fully prepaid.

#### FORWARDING LETTERS AND POSTAL CARDS.

The law providing that prepaid letters and postal cards shall be forwarded from one post-office to another, at the request of the party addressed, without additional postage, applies only to those not delivered. A letter or postal card that has been delivered to an authorized person, and by him redirected to another post-office, cannot be forwarded to its new address without prepayment of additional letter postage. Such redirected and unpaid matter is daily dropped into the street letter and office drop boxes, and is, under instructions, forwarded to the Dead Letter Office.

Newspapers, periodicals, and miscellaneous mailable matter cannot be remailed or forwarded without prepayment by stamps, at the rates of third-class matter.

#### ADVERTISED LETTERS.

Letters, after remaining in this office one week, are advertised. Such letters can only be obtained by calling for them as

advertised letters, and giving the date of the list. If not claimed within one month thereafter, they are sent to the Dead Letter Office.

#### LETTERS NOT ADVERTISED.

The following classes of letters are not advertised: Drop letters; letters bearing requests to be returned to writers if unclaimed; box letters; letters directed and sent to hotels, and then returned to the post-office as unclaimed—being for strangers; letters returned from the Dead Letter Office to writers.

#### RATES OF POSTAGE ON DOMESTIC MAIL MATTER.

[NOTE.—The weight of any package to be sent in the mail must not exceed four pounds, except books and documents printed by order of Congress, or emanating from any of the executive departments.]

#### RATES OF POSTAGE ON FIRST-CLASS MATTER.

On letters, sealed packages, mail matter wholly or partly in writing, except book manuscript and corrected proofs passing between authors and publishers, and except local or drop letters, and United States postal cards; all printed matter so marked is to convey any other or further information than is conveyed by the original print, except the correction of mere typographical errors, and the words "From [name of sender]" therein, or on the outer wrapper; all matter to which no specific rate of postage is assigned; and manuscript for publication in newspapers, magazines or periodicals, three cents for each half ounce or fraction thereof.

On local or drop letters, at offices where free delivery by carriers is established, two cents for each half ounce or fraction thereof.

#### RATES OF POSTAGE ON SECOND-CLASS MATTER.

Mailable matter of this class embraces all newspapers, magazines and periodicals exclusively in print, and regularly issued at stated periods from a known office of publication, without addition by writing, mark or sign, and addressed to regular subscribers.

Specimen copies of a newspaper, or copies sent to any other than regular subscribers, cannot be sent through the mails at the pound rates. The subscription necessary to constitute the person making it, or for whom it is made, a regular subscriber, must be for a period of time for which

the publisher, according to his published terms, offers to supply his publication to subscribers by mail.

On all newspapers and periodical publications, addressed and mailed as above prescribed, and issued weekly or oftener, two cents a pound or fraction thereof.

#### LOCAL PAPERS, ETC., AT LETTER-CARRIER OFFICES.

1. On newspapers (excepting weeklies), whether regular or transient, and without regard to weight or frequency of issue, one cent each.

2. On periodicals (other than newspapers), whether regular or transient, not exceeding two ounces in weight, one cent each.

3. On periodicals (other than newspapers), whether regular or transient, exceeding two ounces in weight, two cents each.

4. Circulars, unsealed, one cent each. These rates to be prepaid by postage stamps affixed.

5. Weekly newspapers (excepted above) to regular subscribers, two cents per pound, to be weighed in bulk, and prepaid at the office of mailing.

6. Weekly newspapers to transient parties, one cent for each ounce or fraction thereof, to be prepaid by postage stamps affixed.

#### COUNTY PAPERS.

Newspapers (without regard to frequency of issue), one copy to each subscriber actually for the time being residing in the county where the same are printed, in whole or in part, and published, are entitled to pass free of postage through the mails; but they shall not be delivered at letter-carrier offices, nor distributed by carriers, unless postage is paid thereon at the following rates, namely: On weeklies or papers issued more frequently, two cents a pound or fraction thereof; on papers issued less frequently than once a week, three cents a pound or fraction thereof, to be prepaid at the mailing office.

#### THIRD CLASS MATTER.

One cent for two ounces—Almanacs, books (printed), calendars, catalogues, corrected proofs, hand-bills, magazines when not sent to regular subscribers, maps—lithographed or engraved—music, printed sheet, newspapers when not sent to regular subscribers, occasional publications, pamphlets, posters, proof sheets, prospectuses.

Regular publications designed primarily for advertising purposes, or for free circulation, or for circulation at nominal rates.

Merchant's Gargling Oil Liniment is good for human and animal flesh.

One cent for each ounce—Blank books, blank cards, book manuscript, card-boards and other flexible material, chromo-lithographs, circulars, engravings, envelopes, flexible patterns, letter envelopes, letter paper, lithographs, merchandise, models, ornamented paper, postal cards when sent in bulk and not addressed, photographic views, photographic paper, printed blanks, printed cards, sample cards, samples of ores, metals, minerals and merchandise, seeds, cuttings, balbs, roots and scions, stereoscopic views.

#### POSTAL CARDS.

The postage of one cent each is paid by the stamp impressed on these cards, and no further payment is required. The address may either be written, printed, or affixed thereto, at the option of the sender. Anything else attached in any way to a postal card subjects it to letter postage.

#### POSTAL RULES.

By act of July 12, 1876, "the sender of any article of third-class mail matter may write his or her name therein, or on the outside thereof, with the word 'from' above or preceding the same; or may write briefly or print on any package the number and names of the articles inclosed." This privilege cannot be held to include the price of such articles, or any writing other than above specified.

A subscriber cannot remail his paper to another without prepayment of postage at transient rates.

Postmasters cannot deliver from their respective offices letters addressed and deliverable from other offices, except in case of letters addressed to discontinued offices nearest the office where such letters are held for delivery.

Money should not be enclosed in an ordinary letter.

Valuable letters should be carried to the Post Office and registered. If money is to be remitted, a Postal Money Order should be obtained.

Money and other valuables sent by mail are at owner's risk.

Head letters with the name of the writer's Post Office and State, street and number. Sign them with full name, and request that answers be directed accordingly.

It is the duty of the Postmaster at the mailing office, as well as the office of delivery, to carefully examine all printed matter, to see that it is charged with the proper amount of postage, and to detect fraud.

When publishers enclose hand-bills with their newspapers in violation of the law, the Postmaster is required to rate up such

packages with letter postage according to the weight of the same, and, if not paid by the party addressed, to return them to the mailing office to prosecute the sender in the penalty of \$5 in each case.

No extra postage charge is to be made for a card printed or impressed upon an envelope or wrapper.

The law limits the weight of packages to be sent by mail to four pounds, except books issued by order of Congress.

The persons entitled to receive letters by mail are those whose names are in the address, and delivery should be to the person addressed, or according to his or her order.

HEAD OFFICE, MCKILLOP &amp; SPRAGUE CO., NEW YORK.

## THE COMMERCIAL AGENCY REGISTER.

(Delivered promptly, 1st January and 1st July.)

Contains and Gives the Credit Ratings of Nearly a Million of MERCHANTS.

WEEKLY AND DAILY SHEETS, CONTAINING ONE THOUSAND NAMES, ON AN AVERAGE EACH WEEK, GIVING NEW NAMES AND RATINGS, AND ALL IMPORTANT CHANGES—EQUIVALENT TO A NEW BOOK EVERY WEEK, AND NECESSITY OF APPLICATION TO THE OFFICE IN MOST CASES OBLIATED ON ACCOUNT OF THE KEY.

Associate Offices in all important Cities, and Correspondents in every Town and Village throughout the U. S. and Canada.

THE COMMERCIAL AGENCY REGISTER is the Standard Book of Reference, giving the credit ratings and pecuniary strength of Banks, Bankers, Merchants, Manufacturers, and business men generally, throughout the whole of the United States and the Dominion of Canada, and is the most complete and reliable work of the kind.

A full report can be obtained from the office Records, of the present position and business history of every firm in the Register—the basis, upon which each rating has been made.

In point of time The Commercial Agency is fully justified in claiming a *genuine seniority above all other Agencies*, it having been the first to report the *entire country* including the *large cities*, since 1844.

Its European arrangements are very superior, and this Agency is the only one where regular Reference Books for the chief Cities of Great Britain, published by its Associates, can be found.

Special attention given to the collection of good and doubtful debts throughout every part of the United States, the Dominion of Canada and Europe.

The Commercial Agency could easily procure a volume of testimonials in their favor from Banking and Commercial Houses of the highest reputation. They are, however, too long and favorably known to require endorsers, and only ask that they be judged by their merits.

Parties having use for The Commercial Agency are respectfully invited to call and examine its system of reporting and collecting.

N. LYMAN'S SONS, . . . PROPRIETORS.

Nos. 36 and 38 West Seneca Street.

By the completion of our new and powerful machines, we are now enabled to force metal into type (heretofore impossible) that will exceed in durability anything in the shape of Type now made in other places.

In case you need new Type for News or Book Work, we would advise you to give us your orders and you will be convinced, what we affirm, to be a fact.

If you let us know when you intend to renew your paper with type, and give us the size and quantity of type you use, we will hold ourselves ready to meet your wants with promptness.

## ELECTROTYPING.

Printers will find it to their advantage to send their forms to be Electrotyped when large numbers are to be printed from them, thereby saving their type from wear. Also Books and Pamphlets Electrotyped as low as Stereotyping. Cuts, Borders, and in fact anything that needs Electrotyping.

In consequence of the death of Mr. N. LYMAN, former proprietor of the BUFFALO TYPE FOUNDRY, the style and name of this Foundry will be hereafter, *N. LYMAN'S SONS, Type Foundry, Buffalo, N. Y.*

In making this change, we must return thanks for the favors shown this Foundry in the past, and hope that your trade will be continued with us, and that you will give us an opportunity to please you, as it shall be our endeavor to do so to the best of our ability.

We can supply you with anything in our line at rates as favorable as any Foundry in this country, and material that is not excelled for beauty and durability.

In the long list of inducements offered by Life Insurance Companies, there are two plans which recommend the LIFE ASSOCIATION OF AMERICA above all others. The first is the

## ADVANCE DIVIDEND PLAN,

This is original with this Company, and is offered by no other. It gives on all life and endowment policies at their issue a fixed and certain dividend in advance, in the form of additional insurance of twenty-five per cent. of the amount insured under the policy, viz.: a \$1,000 policy stands \$1,250; \$4,000 policy \$5,000; \$8,000 policy \$10,000, making a virtual reduction of Premium at once. It is expected that the surplus arising from the payment of the full premiums for ten years will prove sufficient to secure the additional insurance of twenty-five per cent. for the full term of the policy, leaving dividends to reduce the yearly premiums thereafter.

The second feature is that of

## Continued Full Insurance under Lapsed Policies (except Term Policies),

Which is particularly beneficial to policy-holders. When a policy lapses by non-payment of premium—two years' premium having been paid—if a paid-up policy be not applied for so as to take effect on the day when the premium is due, then, in lieu of such paid up policy, the insurance will continue in force under the original policy for THE FULL AMOUNT INSURED, as long as the value will carry the risk. Thus, under this system, a Ten Payment Life Policy for \$10,000, on a life aged 40 at date of issue, two years' premiums having been paid, would continue in force for the full \$10,000 for five years and two hundred and seventeen days after the cessation of payment of premiums. If the insured die during the period of the extension of the policy, the full amount of the insurance will be paid WITHOUT ANY DEDUCTION FOR PREMIUM OR INTEREST. This is the Massachusetts law improved.

## THE GEM PLANER.

This is a new pattern of planer combining many points of the Pony, some of the Liliputian, and some not possessed by either. It has two feed rollers, one before and one behind the cutter head. The bed is lowered from the head. The position of the cutter head is not changed for different thicknesses of planing, thus giving the same tightness of driving belt, no matter from what direction it is belted. It has two speeds of feed obtained by the use of cone pulleys. It is very easily adjusted, requiring the tightening and loosening of no bolts or screws to change for different thickness of planing. It works well on either hard or soft wood. We build two sizes, to plane 26 and 30 inches wide, and up to 6 inches thick.

Price of 20 inch, \$115.00; of 16 inch, \$100.00.

THE  
CATHOLIC UNION

A WEEKLY EIGHT-PAGE JOURNAL.

DEVOTED TO

Catholic Interests, and Catholic and General  
Literature and News.

PUBLISHED EVERY THURSDAY

BY THE

CATHOLIC PUBLICATION CO.

This admirable and enterprising paper is the organ of the Diocese of Buffalo, and is largely read in this city and the neighboring cities of Rochester, Lockport and Elmira—and indeed all over Middle and Western New York—for it is the only important exponent of Catholic opinion in this portion of the state; from this, as well as from the style and ability of the paper itself, it is the acknowledged medium of address to Catholic thought throughout this extensive district.

Though Catholic in tone and object, as becomes the official organ of the Bishop of Buffalo, it is not confined to purely Religious topics, but goes out to meet every discussion of the day, has independent views, and not unfrequently has taken the position of a leader of thought on subjects of general interest.

The Editorial Department is devoted to the Religious, Political, and other interesting issues of the times. Its ability in this department has long been recognized.

This paper was organized under the auspices of Right Rev. Dr. RYAN, Bishop of Buffalo, is conducted by clergymen distinguished for literary taste and ability, and is under the efficient business management of a lay Editor. It fulfills exactly the ideal of a Catholic publication, and is excelled by none throughout the country that assume the title.

THE "UNION" IS A VALUABLE ADVERTISING MEDIUM, BEING THE ONLY  
CATHOLIC PAPER PUBLISHED IN THE ENGLISH LANGUAGE  
IN WESTERN NEW YORK.

Tæglicher und Wœchentlicher  
REPUBLIKANER  
(DAILY AND WEEKLY REPUBLICAN.)

The LARGEST GERMAN-AMERICAN NEWSPAPER (26x39) in Buffalo and Western New York.

Published and Edited by ISMAR S. ELLISON.

*Is the most progressive and liberal, and the only German Republican Newspaper in the city, recognized as such by the German Republicans. It fights public corruption without fear or favor, wherever it can detect it, and is therefore most heartily hated by the public thieves of all classes and all parties.*

It courageously fights fanaticism and bigotry wherever they may exist, and stands up for free, non-sectarian schools, compulsory education, taxation of church property without any exception whatever, and a constitutional enforcement of an absolute emancipation of state affairs from the control or influence of any religious sect or denomination whatever, which is recognized as the living issue of the Second Century of American Independence.

On account of its honest principles, its thorough and courageous manner of dealing with the questions of the day, it is more eagerly read than any other German Newspaper in the city, it is the family paper of the best and most influential class of Germans, and although the youngest among its contemporaries already equals them in the number of subscribers, and is sure to surpass them in a short time.

*As an Advertising Medium it is therefore unexcelled.*

THE J. M. BRADSTREET & SON COMPANY  
IMPROVED  
MERCANTILE AGENCY

Principal Office, 279, 281 and 283 Broadway,

NEW YORK.

THE OLDEST ESTABLISHED MERCANTILE AGENCY IN THE UNITED STATES.

Branch offices in all the Principal Cities of the United States and Canada ; in London,  
England ; also a Continental Correspondence.

Revised Editions of the Reference Book issued January, March,  
July and September.

This Agency is most thorough in its organization. It was the first to present to the mercantile world reports epitomized and in book form, so that subscribers to it may have immediately accessible the digest of the various elaborated commercial reports, giving them, as it were, a compendium agency of their own in their counting rooms. This method at once popularized this agency and gave to it the name, standing and patronage which it now enjoys. Each of the volumes contains between 600,000 and 700,000 names, with their quotations of worth and credit, obtained from the full histories on file in the Agency, and which are furnished on application to all subscribers desiring the fullest particulars.

These histories are carefully compiled by a corps of competent reporters, who periodically travel throughout the country, and also by local agents, who also send us currently changes as they transpire, which are published weekly for the benefit of subscribers.

No business can afford to discard the use of a system so perfectly organized for its good, and that this is the general testimony is evinced by the continued patronage accorded it by so many thousands of business houses throughout this country and Europe.

Merchant's Gargling Oil Liniment is good for human and animal flesh.

We would call the attention of the public, to our superior Photo-engraved plates, for illustrating catalogues, books and newspapers. Being cast in hard type metal, they can go to press at once, or, when desired, stereotypes or electrotypes can be made from them in the usual way.

Besides original work, we are able to copy in exact fac simile (on an enlarged or reduced scale) from steel and wood engravings, line lithographs, autographic matter and from artists' drawing at a small expense.

We shall fill orders with promptness and guarantee satisfaction.

# 1847. PENN MUTUAL 1877.

## LIFE INSURANCE COMPANY

### OF PHILADELPHIA.

ONE OF THE OLDEST COMPANIES. PURELY MUTUAL.

ALL POLICIES NON-FORFEITABLE FOR VALUE.

Leads in financial strength. The true test of the strength of a company is not simply an aggregate of assets, however large, but the ratio of assets to liabilities.

The PENN has \$125.00 of cash assets to each \$100.00 of its liabilities.

Leads in dividends to policy holders. Has paid MORE DIVIDENDS IN NUMBER, and of a LARGER AVERAGE PERCENTAGE, than any other Company.

Leads in business management. Has no proxy votes for its officers. Their salaries are small. Prudence, Honesty and Economy its leading qualities.

That the public have confidence in the PENN MUTUAL is shown by the fact that this Company increased its business in 1876 more than any other Company in the United States.

That the Medical and Actuarial departments of this Company are managed with great carefulness and fidelity is shown by the fact that its Death Losses in 1876 were \$100,000 less than the predictions of the Tables.

We refer with pleasure to the following named prominent gentlemen of Buffalo, N. Y., as among the policy holders of the PENN MUTUAL, and who constitute the LOCAL BOARD OF DIRECTORS for this Company at BUFFALO.
